

DeKalb County, IL

DeKalb County's 9-1-1 System/Emergency Dispatch Center handles all Police and Fire radio operations in the county except the City of DeKalb. Most small towns police operate on the Sheriff's channels, while Genoa and Sycamore have their own channels. Most fire operations are on the county fire net. DeKalb 9-1-1 is also the main dispatch center for MABAS Division 6.

Many operations have moved to StarCom21, see that Profile for more information.
